

# Robert Kerr - CV

## Profile

I am a very enthusiastic and knowledgeable individual who takes pride in their ability to lead, work and collaborate in a team. I am a confident person, and I can always be relied upon to complete a task with efficiency, effectiveness, and punctuality.

I always take a creative and inclusive approach to solving problems, and with my competence in mathematics, physics, and computing, I can complete very complex tasks. I challenge myself every day at university, and I love using my knowledge and learning mindset to work in a team to overcome these challenges.

---

## Education

### **09/2018 – 06/2023: MPhys Mathematics and Theoretical Physics, 3<sup>rd</sup> year, University of St Andrews**
